**Volunteering** is a terrific way to network and meet new people.

At the **AASPT Booth in the Exhibition Hall**, our time slots are set up so that we have “Captains” (AASPT member >5 years) and “Rookies” (students/ECPs) or “Residents” (currently in a residency program, or completed a residency within the past 1-2 years) in the booth at all times. Slots are 2 hours in length; there will be bulleted talking points available at the booth. Work side-by-side fellow AASPT members while answering questions for potential AASPT members!

**There will be a Sports Court in the Exhibition Hall.** (located in the back left-hand corner of the hall). Volunteers will interact with adaptive sports organizations and engage attendees in order to help them participate and experience adaptive sports! Different sports and organizations are scheduled throughout the CSM schedule. Volunteers will foster participation, including passing balls, helping people get in/out of sports chairs, and talking sports! Volunteers are not expected to be experts in adaptive sports.

Slots are earmarked for “Captains” (AASPT member > 5years), “ECP/student”, or for any member! Slots are 2 hours in length; there will be bulleted talking points available at the Sport Court. Again, an opportunity to work with fellow AASPT members to support Sports Medicine!
